

MAINE STATE SOCIETY FOR THE PROTECTION OF ANIMALS

A non-profit organization since 1872

Join Our Herd!

The membership of the Maine State Society for the Protection of Animals is growing more quickly green grass on a June afternoon, but we need everyone's help to carry out our mission.

The Society works to prevent cruelty to animals in Maine and elsewhere; it helps animals by providing for their physical or other needs and by promoting respect and appreciation of animals everywhere. The Society works for humane treatment, use, and training of all animals and confronts the fundamental causes of animals' problems.

You are cordially invited in share in our essential work by joining the MSSPA!
