

Join our team of Stable Mates!

This program is designed to connect MSSPA supporters with some of the special horses here at the farm. These horses still have lots of love to give while they wait for their forever home or live out the rest of their lives at the MSSPA. Each horse would benefit greatly and welcome their very own team of Stable Mates!

The Stable Mates Program pairs a horse with a team of people who want to support him or her, creating a unique relationship for both the participant and the horse. This is not an adoption program nor is it an opportunity to be involved in the decision making for the horse, but rather a sponsorship for one horse to last for as long as each participant chooses, or the life of the horse.
